

beWall
ITALIAN WALLPAPER

**ENTER A WORLD WHERE
CREATIVITY HAS NO LIMITS
AND WALLPAPER DRESSES
YOUR SPACES IN A UNIQUE WAY.**

BeWall wallpapers are the ideal coating for every room, as an accentuating element on a style detail or on the entire wall.

Starting from the room of the youngest ones to the bathroom area, beWall can be the characterizing element of the space. Natural landscapes, geometrical fantasies, shadows and lights, far places or cards that escort the growth of the youngest ones; every environment will have the right scenario thanks to beWall collaboration with young creatives who have interpreted their own world and have returned it on the wallpaper through decorations and fantasy declined in numerous nuances.

A world without limits, that of beWall, free to be interpreted in a different and personal way, free to adapt to time thanks to continuous technological innovation, free to be universally recognizable in its aesthetics.

EXPLOIT

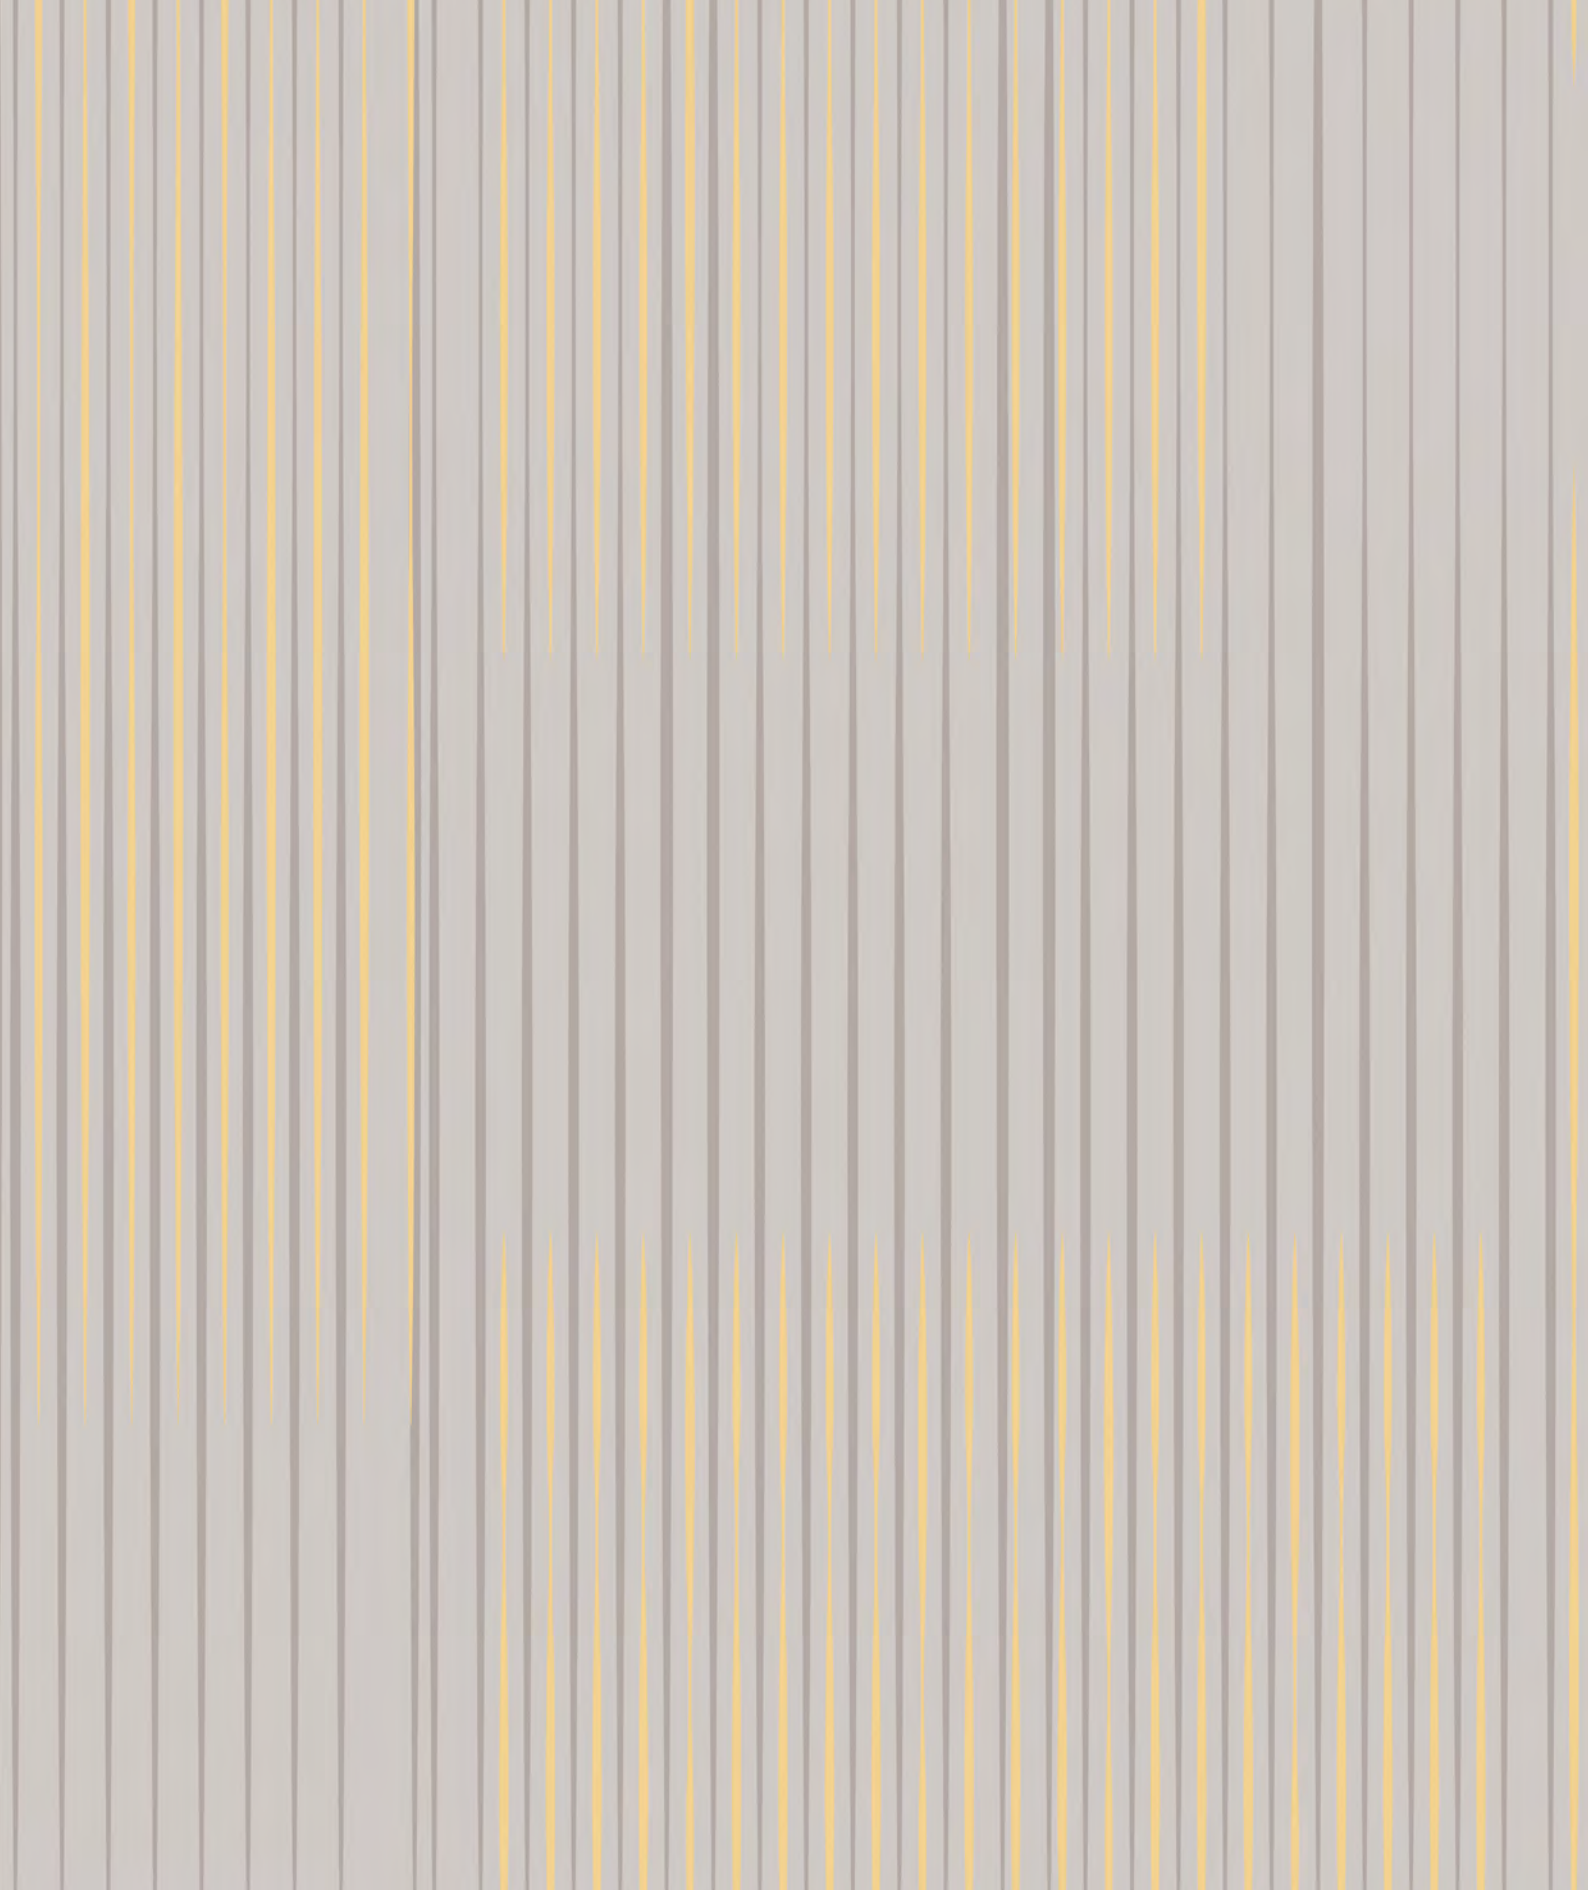

CAPSULE

The beExploit line was conceived and interpreted by Margherita Fanti through the differentiated use of the metal component that makes the coated surface vibrant and classy.

Gold blends between the bamboo canes, in the sinuous line of a sketched leaf, in the texture essential of parallel lines.

Vita Paustian transforms the metallic detail of the wallpaper into tropical leaves that transform the environment into an exotic place of undoubted elegance.

Serena Cerillo - architect, designer e illustrator -
imagines for and with children welcoming spaces
responding to their needs and that arise from their
creative visions.

**The inspiration comes from the
creativity of the little ones, called by
Serena to participate in creative and
interactive workshops in which the
protagonists are freedom, fun and above
all color.**

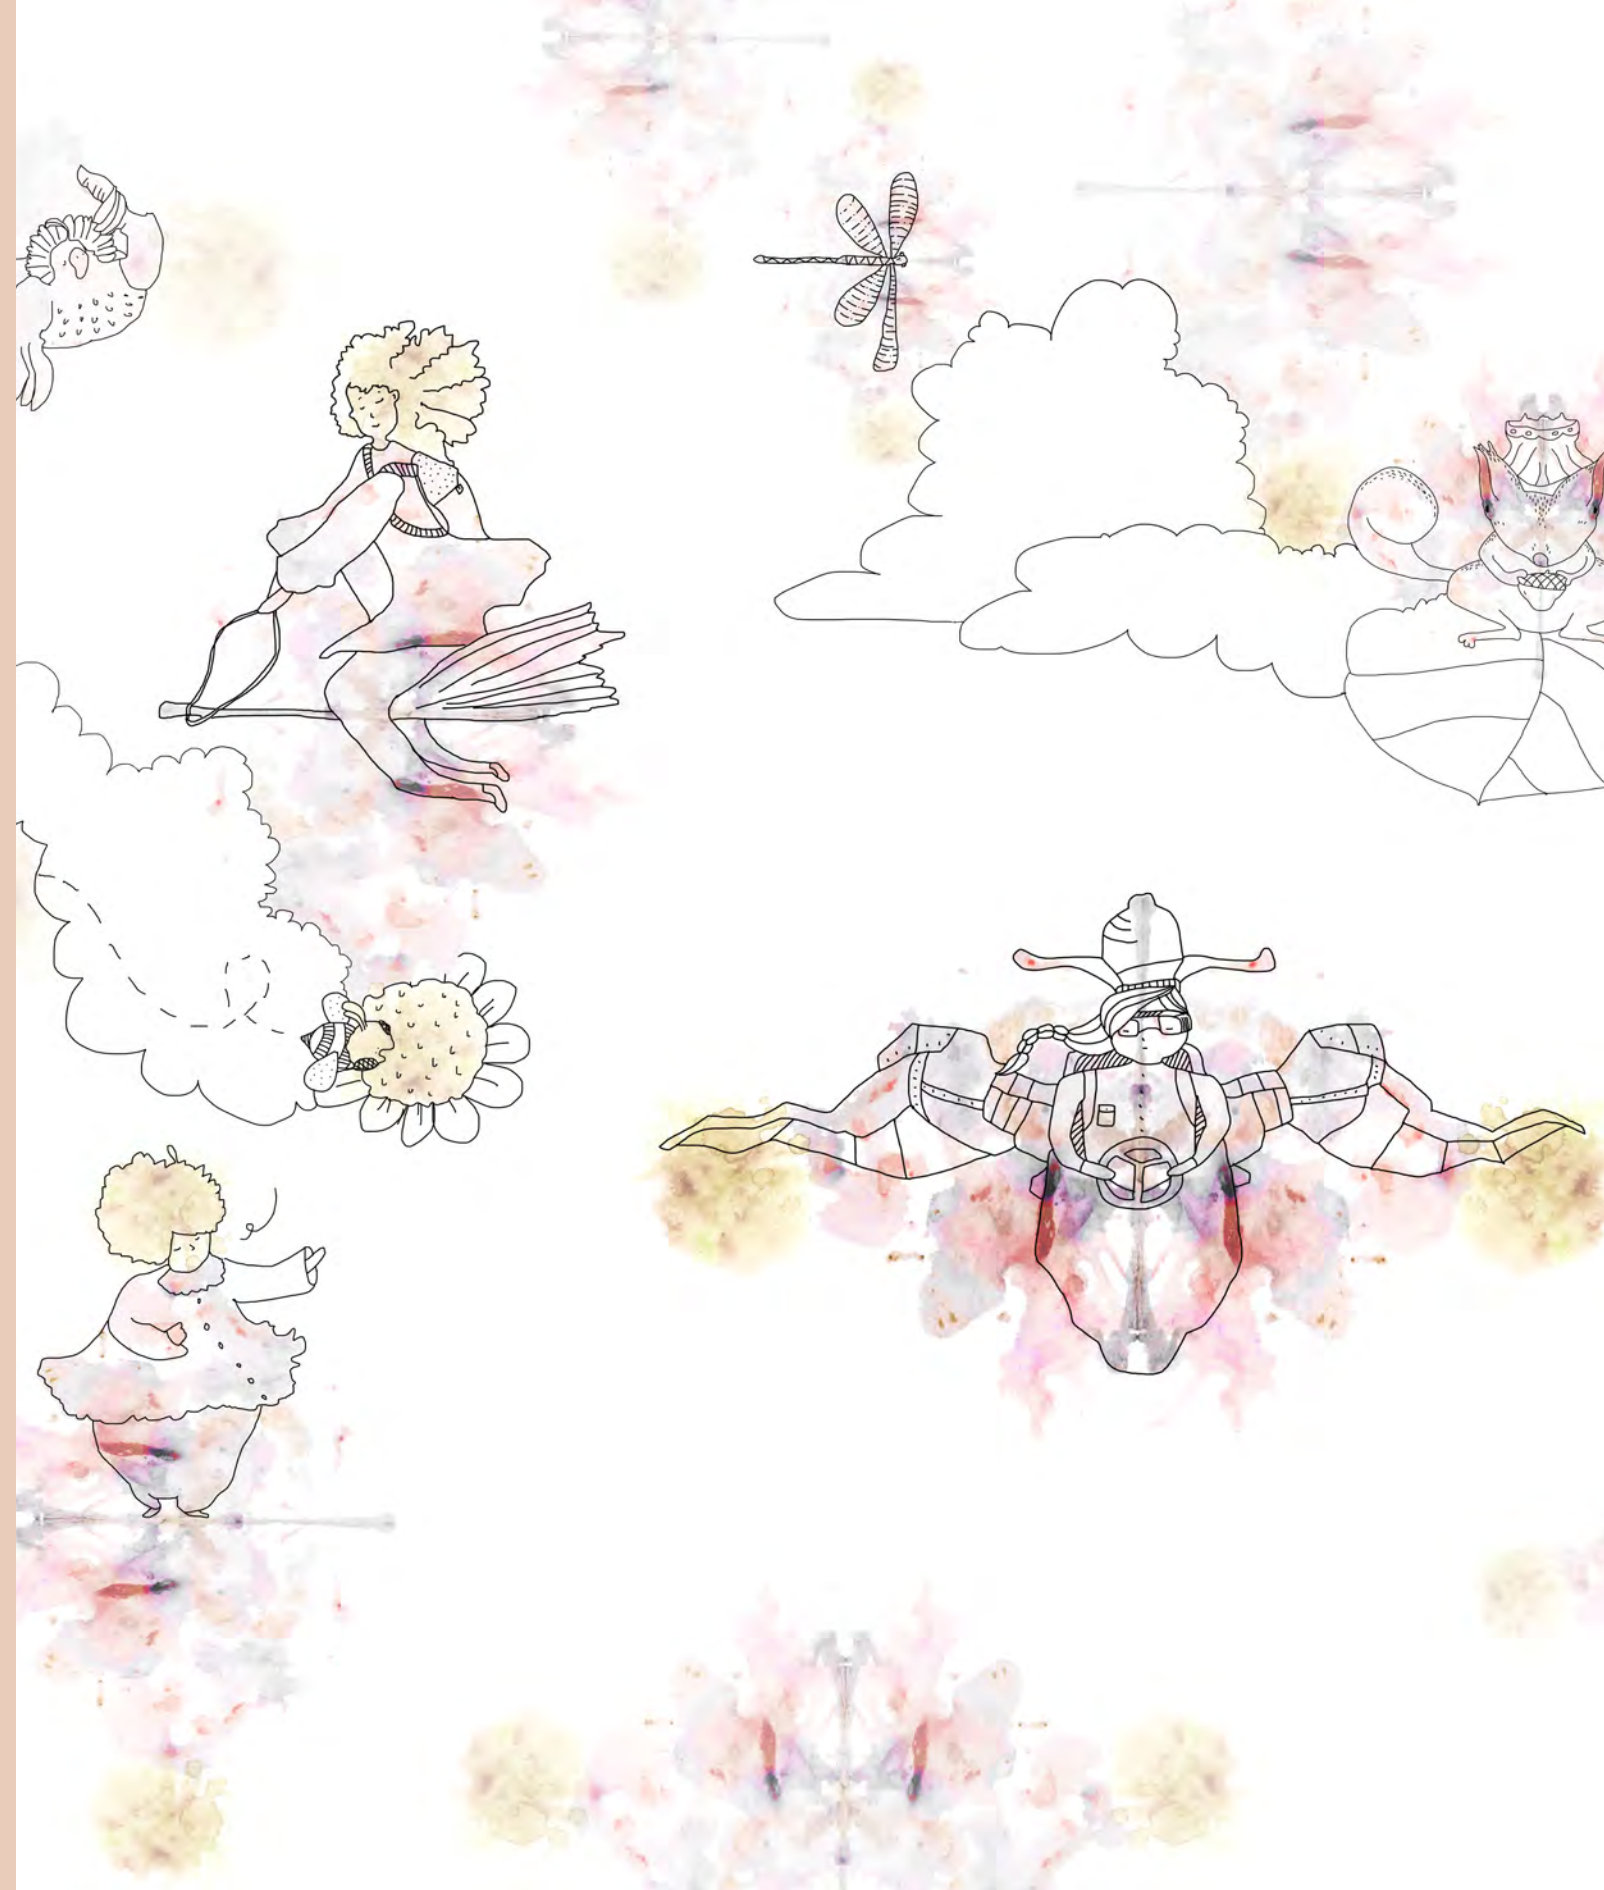

The watercolor in particular, with its delicate fluidity,
allows children to explore new worlds and universes
with their imagination, which change with the point
of view and that inspire the artist in the creation of
creative, unpredictable and surprising subjects.

The print is conceived and created on a support on
which children can freely play, stimulating freedom
and creative autonomy.

Technical Features

**The wall becomes performing,
expressing itself differently depending
on the light that hits it and lets the
touch be pleasantly surprised by
brushing its surface.**

Over 40 wallpapers to choose from, for private or large-scale environments, all printable on multiple substrates such as vinyl / TNT, characterized by a refined and materical texture, on fiberglass that allows it to be installed in humid environments or exteriors, on ecological papers, such as ecopaper or ecomais, which in addition to a finish of great value, marry an important theme such as respect for the environment

PRIME

Compact vinyl on TNT support, characterized by a refined and material texture. This paper is easily washable as well as flame retardant, does not shrink, does not deform and does not tear when pasted.

COMPOSITION: Vinyl on TNT, White 370 g/mq
ASPECT: material texture, scratches and sponging resistant
ROLL MEASURES: width 102 cm - length custom
WASHABLE: Yes
BIOCIDE and ANTIMICROBIAL: Yes
CERTIFICATIONS: EN ISO - EN 15102+A1:2011
VOCs - Absent
FIRE REACTION - EN 13501-1: B-S2, d0 FSC Credit Mix
IMO

GOLD/SILVER

Vinyl on TNT characterized by a metallic coating that recreates the sparkling effect of gold or silver. As for PRIME, this support is easily washable, flame retardant and particularly resistant.

COMPOSITION: Gold / silver foil on TNT, 350 g/mq
ASPECT: material texture, scratches and sponging resistant
ROLL MEASURES: width 102 cm - length custom
WASHABLE: Yes
BIOCIDE and ANTIMICROBIAL: Yes
CERTIFICATIONS: EN ISO - EPD ISO14025 std
VOCs - Absent
FIRE REACTION - EN 13501-1: B-S2, d0
FSC Credit Mix

ECOPAPER

Pure cellulose and polyester fibers combined with a non-woven fabric support ensure exceptional stability characteristics, breathability and tactility. This paper proves to be compatible with the environment thanks to the absence of PVC.

COMPOSITION: Paper on TNT, 147/180 g/mq
ASPECT: material texture, matt and natural
ROLL MEASURES: width 109 cm - length custom
WASHABLE: No
PVC FREE: Yes
CERTIFICATIONS: EN ISO - FR EN 13501-1 / EN 15102
FIRE REACTION - EN 13501-1: C-S1, d0
FSC Credit Mix

ECOMAIS

Completely natural coating, based on cellulose supported by regenerated corn with natural glues. This support represents the most environmentally friendly choice, thanks also to its total compostability.

COMPOSITION: Mais on Mais Cellulose, White 350 g/mq
ASPECT: material texture, scratches and sponging resistant
ROLL MEASURES: width 66 cm - length custom
WASHABLE: Yes
PVC FREE and COMPOSTABLE: Yes
BIOCIDE and ANTIMICROBIAL: Yes
CERTIFICATIONS: EN ISO - EN 15102+A1:2012
VOCs - Absent
FIRE REACTION - EN 13501-1: B-S2, d0
FSC Credit Mix

GLASS

100% mineral fiber to ensure total stability and resistance to mold and humidity. Ideal for bathrooms, kitchens and humid environments. Thanks to the addition of a resin coating cycle also suitable for inside usage showers.

- COMPOSITION:** Fiber glass, White 260 g/mq
- ASPECT:** material texture, scratches and sponging resistant
- ROLL MEASURES:** width 93 cm - length custom
- WASHABLE:** Yes, with water repellent treatment
- PVC FREE:** Yes
- CERTIFICATIONS:** EN ISO - EN 15102+A1:2012
FIRE REACTION - EN 15102-1: B-S1, d0

ACOUSTIC

Vinyl on TNT characterized by differentiated layers that improve by reducing the noises coming from the outside and the escape of those emitted from the inside. A support with sound-absorbing and sound-insulating properties that improves the acoustic comfort of the rooms.

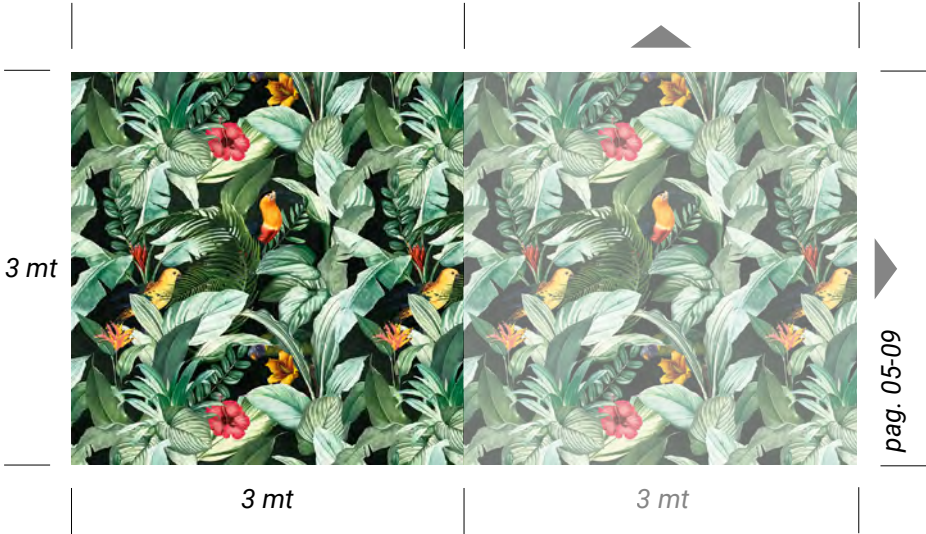

- COMPOSITION:** PVC, plasticizers and cotton cloth, 770 g/mq
- ASPECT:** material texture, scratches and sponging resistant
- ROLL MEASURES:** width 132 cm - length custom
- WASHABLE:** Yes
- DISINFECTABLE, SOUND ABSORPTION, ANTIBACTERIAL, UNALTERABLE TO LIGHT, NON ABSORBENT, WATERPROOF:** Yes
- CERTIFICATIONS:** VOCs - Absent
FIRE REACTION CLASS 1 - B-S2, d0

FROM THE CHOICE OF A
DECORATION TO THE FINAL
INSTALLATION, WE LOVE TO BE

ABOUT US

BeWall was born in 2021 from the experience of the interior decorators and architects and by their passion for the stories to tell through environments to be interpreted with personality and that know how to dress with the atmosphere.

A new Young and dynamic brand, completely Made in Italy, that sees the wall as an experimentation place freedom and interpretation.

The assiduous research, in both materials and creative process, talks about aesthetic elegance matched with a technological innovation that brings beauty in the daily life without forgetting sustainability.

Elegance, aesthetics and technology are the engine of our research.

WE LOVE OUR WORK
AND BELIEVE IN WELL DONE
THINGS, IN CLIENTS' CURE
AND ATTENTION,
IN RELIABILITY
AND IN WORK
CUSTOMIZATION.
